Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. ²Certain features, functionality and product specifications may be network dependent and subject to additional terms, conditions, and charges. All are subject to change without notice. Software and app preload are subject to regional availability.

moto e⁴

PLUS

expect the best

Run Android™ 7.1, an updated version of the world's most popular operating system. Now spending less doesn't have to mean settling for less.

super power

With a 5000mAh battery, you can go for days without worrying about battery life.¹ And when it's time to power up, you don't need to slow down. **moto e plus** works with the 10W rapid charger, which gives you hours of power in minutes of charging.

touch and go

Never mind remembering your passcode. Just use your fingerprint to unlock your phone, so you can get to the good stuff faster.

big and brilliant

Pick up the vibrant, 5.5" HD display wrapped in smooth metal, and you won't want to put it down. Choose from sophisticated finishes in Iron Gray, Fine Gold, and Oxford Blue.

smiles everywhere

Never miss a moment with a 13MP autofocus camera. Plus, take selfies worth sharing using the 5MP front camera. You'll get great results even in low light.

speed up

Swipe and scroll through your favorite websites, quickly update your Facebook status, or watch streaming video without the wait. The **moto e plus** gets a boost from its quad-core processor and 4G speed.
